A Word From

eMAM

Quarterly Newsletter - Q4 2023

NAB New York

Thanks For Joining Us! 👋

The eMAM team is eternally grateful to have such a great network of clients and colleagues! We also want to share our appreciation for everyone who stopped by any of our convention booths this year. We'll be back at it again in 2024- hope to see you there next year!

Utilizing Artificial Intelligence

You can now utilize the capabilities of Amazon Rekognition's automated AI search features inside eMAM to make content moderation a breeze. Users can ensure content compliance across their entire library within minutes utilizing Rekognition's Moderation Labels and the eMAM search feature. **Learn more here**.

IBC Amsterdam

Resolve Functionality

eMAM's latest update with our DaVinci Resolve integration allows users to transfer projects and media both into and out of Resolve. Editors and non-technical users alike can quickly and easily share content and project files, skipping a tedious download and ingest process.
Learn more here.

Welcome to the
eMAM Team

We'd like to give a warm welcome to Sonny Luyun and Barry Nulman- the newest consultants with the eMAM team!

Sonny is a support engineer and solutions consultant. He has extensive workflow and product experience work with eMAM and other systems for our customers throughout Asia.

Barry is helping with business development in the US. He is an industry veteran, with extensive experience in management and sales for workflow solutions for studios, production facilities, and solution providers.
