# New eMAM Next AI TOOL — ON-PREM TESTING PROMOTION

***Order your new eMAM system by December 30, 2025, and get our AI Transcript Widget FREE***
*(a $6,000 value)*

---

**Bring AI Power to Your On-Prem eMAM System**

For a limited time, any new eMAM Vault, Publish, Workgroup, or Enterprise system order with qualifying hardware will include our **AI Transcript Widget** at no cost.

With **AI Whisper** speech-to-text technology, you can transcribe videos in multiple languages directly on local hardware. Plus, a built-in **Large Language Model (LLM)** running on your workstation will generate **instant video summaries and titles**, streamlining editorial and production workflows.

---

**How It Works**

1. **Choose your eMAM license** — Vault, Publish, Workgroup, or Enterprise (permanent license purchase required).
2. **Select your AI-ready workstation** from the models below.
3. **Test & provide feedback** to help shape the future of AI in eMAM.
4. **Stay compliant** with all AI tool licensing agreements.
5. **Continue your AI advantage** with annual support for the AI connector in later years.
